 Including Beet Harvester, Cane Harvester, Carrot Harvester and Combine Harvesters.
- Dairy Machinery
 Including Milking equipment, Dairy feed, Dairy Cattle, Housing and Sheds.
- Grain and feed stores
 Including Grain Sheds, Grain Dryers, Bulk Sheds, Crop Store and Silos.

Farm Finance options

- Finance for new and used farm machinery or Equipment
- Finance for purchasing feed, fertiliser, seed or crop protection supplies
- One off Funding to purchase land next to your farm or a new property
- Facilities to cover the cost of a barn, shed or other agricultural building
- Cover the costs of creditors, Tax or VAT bills when final deadlines arrive
- Interim finance while you arrange a longer term facility
- Tenant farmers with the opportunity to purchase as sitting tenants

We can provide agricultural machinery finance for whatever you need to run your farm smoothly; from everyday machinery like a tractor or other off road vehicle to more specialist equipment, as well as anything else you might need to operate your business effectively. If you are looking to purchase livestock such as cattle or poultry for your farm, then Nationwide Corporate Finance can help.

On refinance packages & sale and lease backs, any money you receive from us will be an inclusive of VAT amount and therefore will give you a VAT liability at the standard rate on the sale of your goods to us. You will claim back the VAT element on the monthly repayments.

At Nationwide Corporate Finance we offer agricultural finance and refinancing solutions so we can assist you whether you're looking to purchase new equipment, or release the equity tied up in equipment you already own.

Speak with our farming finance team today about our specialist farm finance and refinance solutions today. Once your loan is secured you can refocus on agriculture and move forward.
